

The Committee of Management  
for the University of Toronto,  
begs to report to His Honor the  
Lieutenant Governor in Council,  
that a Lease of Lot number Sixteen,  
University Park, was granted to Mr.  
James Smith, Architect, of this City;  
who erected two semi-detached  
residences thereon. That Mr. Smith  
afterwards effected a sale of the  
lot in two parts - of the North part  
to William Myles and of the South  
part to Thomas Christie. - To remove  
doubts that were suggested by the  
language of the lease to Mr. Smith,  
(which was made on the old form)  
with reference to the mode of  
valuation upon renewals, the late  
Bursar agreed to grant separate  
leases for the remainder of the  
term to Messrs Myles and Christie  
upon the new form. - That the original  
lease has been surrendered, and that  
new leases have been prepared, and  
approved by the Solicitor to the  
University, to Messrs Myles and  
Christie and are sent together with  
this report. - The Committee  
respectfully

respectfully recommends that  
the Bursar be authorized to  
execute and issue these Leases. -

Handwritten text in a cursive script, likely a letter or a journal entry. The text is written in a dark ink on aged, slightly yellowed paper. The handwriting is fluid and somewhat slanted, characteristic of 18th or 19th-century cursive. The text is arranged in approximately 20 lines, filling most of the page. The ink is dark, but there are some lighter spots and variations in line thickness, suggesting a quill or fountain pen. The overall tone of the text is formal but personal, typical of correspondence of that era.

Discharge of Mortgage

The Board of Management begs to report for the information of His Honor the Lieutenant Governor in Council That the accompanying statement shows the state of the Bureau's Balances on the 30th June last That it will be seen that the Balances as shown on the Bureau's books to the debit or credit of "Capital" "Income" and "Appropriation" accounts do not correspond with those shown in the General Statement of Accounts, Commission for the respective accounts in the month although the aggregate balances do. The difference has arisen from the fact that deposits have been made by the donors of money belonging to "Capital" and "Income" to the credit of these accounts in the General Statement, and have been charged of out of the Commission's charge - see list for same and have been separately displayed from the appropriation accounts.

The Income account in the General Statement should be amended to correspond with the account state of this account in the Bureau's books which show a debit balance of \$17,776.40 & 1/2 cents - and "Capital" account, balance of \$11,278.89 to its credit in the General Statement.

It being desirable that the statement in the General Statement should be made to correspond with the Bureau's books. Cheques are sent herewith as Capital

The Board of Management  
of the University of Toronto,  
begs to report for the information  
of His Honour the Lieutenant  
Governor in Council, that the  
application of J. S. Caird for  
a loan upon certain lands in  
the Township of South Marysburgh  
was accepted for the sum of \$1800.  
and a mortgage was prepared for  
that amount by the Solicitor  
and was duly executed and  
registered - It appears however  
that the said mortgage was  
erroneously drawn, and a  
new mortgage has been prepared.

A discharge of first named  
instrument is sent herewith in  
the ordinary form for approval  
and the Board respectfully recommends  
that the Bureau be authorized  
to execute and issue the same.

The first thing I noticed when I stepped out of the car was the cold. It was a sharp contrast to the warm blanket of the car. I shivered slightly, but then I remembered that this was just the beginning. The air was crisp and clean, a welcome change from the stuffy interior of the car. I took a deep breath, feeling the cool air fill my lungs. The sun was shining brightly, casting long shadows on the ground. I looked up at the sky, feeling a sense of peace and tranquility. The world was so beautiful, and I was so lucky to be here. I smiled to myself, feeling a sense of joy and happiness. The day was perfect, and I was going to make the most of it. I took a few more deep breaths, feeling the cool air fill my lungs. The sun was shining brightly, casting long shadows on the ground. I looked up at the sky, feeling a sense of peace and tranquility. The Bursar reports that George T. Jackson of the Township of Ameliasburgh, Farmer, executed a mortgage to the Bursar for \$2400., upon the North ninety seven acres of Lot 80 in the 3rd Concession of the said Township of Ameliasburgh, as security for an advance to him of that amount. That the said Jackson fell into arrear for interest, and the Solicitor was instructed to sell the said land under the Power of Sale contained in the mortgage. That the Solicitor accordingly took the necessary proceedings, and the land was offered for sale by Public Auction, but no bids being received equal to the reserve bid, was withdrawn from sale. The Board of Trustees for the University of Toronto, University College, and Upper Canada College, beg to report for the information of His Honour the Lieutenant Governor in Council as follows:

The Board certifies that the amount expended to date on account of the Restoration of the University Building is two hundred and fifty-one thousand, three hundred and ninety-four dollars and seventy-five cents (\$251,194.75). Of this amount, thirty-seven thousand eight hundred and sixty-seven dollars and fifty cents (\$37,867.50) has been expended in the restoration of the building, and the Library is to be kept, the Library, which was formerly in the Main Building, being now separated from it. That the amount of the cost of the University Building at the time of the fire was 90,000, and that the Board has since received from the Government the sum of 100,000 on account of the Legislative Council towards the Restoration of the Building, making a total of 190,000, which amount being deducted from the above mentioned expenditure of 251,194.75 shows that there has been expended 61,194.75 in excess of the sum received, and the portion of the Legislative Council already received.

The Board would therefore respectfully request that the balance of the Legislative Council, viz. 10,000, be paid to the Board. Large payments to be made in addition to the above mentioned sum, and a total of the building up again to 250,000.

The first thing I noticed when I stepped out of the train was the cold. It was a sharp contrast to the warmth of the car. I looked around and saw a sea of people, all dressed in winter coats and hats. The air was thick with the smell of coal and the sound of the train's wheels on the tracks. I felt a little lost, but then I saw a sign that said "Hotel" and I knew where to go. I walked towards it, feeling a bit nervous, but also excited. The hotel was a grand building with many windows and a large sign on top. I went inside and found a room with a bed and a desk. I sat down and wrote a letter to my family. I told them about my journey and how everything was going. I also wrote about the people I had met and the things I had seen. I felt good about it. I had made it. I was home.

That the said Stokes has now paid to the Bursar all money due and owing under the first mentioned mortgage, and is entitled to a Discharge of the same, and the said Ellen Stokes is entitled to have assigned back to her the said mortgage made by William Umphrey.

And that the said Ellen Stokes has requested the Bursar to assign this last mentioned mortgage to one Adam Edward Vrooman, of the Township of Mariposa, Physician, instead of to her.

Answered  
Council Minutes of 1893

The first thing I noticed when I stepped out of the car was the cold. It was a sharp contrast to the warm blanket I had been sitting under. I looked up at the sky, which was a pale, overcast grey. The air was thick with a damp, earthy smell, and the ground beneath my feet was wet and slippery. I took a deep breath, trying to clear my head, but the cold seemed to seep into my lungs. I walked a few steps, my boots crunching on the wet pavement. In the distance, I could see the faint outlines of buildings and trees, but they were shrouded in a thick mist. I felt a sense of isolation, as if I were the only person in the world. The silence was oppressive, broken only by the occasional sound of a car horn or a distant siren. I continued to walk, my mind racing with thoughts of what might be ahead. The fog seemed to be closing in on me, and I could feel my heart pounding in my chest. I was alone, and I was lost.

10/10/10

I was alone, and I was lost. The fog was thick, and the air was cold. I could hear the sound of my boots on the wet pavement, and I could feel the cold seeping into my bones.
